

NATIONALLY ACCREDITED COURSE FEE POLICY

Tuition Fees

Tuition fees will be charged in accordance with our current prescribed fee schedule. Where nationally accredited courses are being delivered and prescribed tuition fees exceed \$1,000, an installment plan will be arranged for each individual student.

Corporate customers with ADE approved credit rating are required to pay within 30 days of course completion. Non-accredited VicRoads licence courses are paid in full before course starts unless the customer is ADE approved credit and payment must be within 30 days of course completion.

For example, if a prescribed 8-day tuition fee is \$4375 – a payment plan could look like this:

- \$1,000 at the time of booking the course
- \$1,000 at the commencement of the course
- \$1,000 on an agreed date during the course
- \$1,000 on an agreed date during the course
- \$375 just before the course completion

Note: This is a guide only and will vary depending on the course. Installment payments will not exceed \$1000 before or during the course.
