#### Training materials:

You will need to purchase or download a copy of the Victorian Bus & Truck Handbook.

eLearning is available to all students to support their learning, access to this is available through the Resources page of our website.

#### Assessment:

Assessment is comprised of written and verbal questioning along with practical components.

All Armstrongs' Nationally Accredited Industry Licence Courses come with:

- **Unlimited Optional Pre-Drive Theory Sessions Prior To Your Driver Training**  
Armstrongs takes the stress out of preparing for, and sitting, your theory test and off-road skills assessment. If you don't feel that you're ready to sit your theory test after your first Pre-Drive Session, simply come to as many Pre-Drive sessions as you like before your driver training commences at no additional cost. You'll also get one free theory retest.
- **Double the Attempts to Pass Your Driving Assessment**  
Apart from nearly double the amount of behind-the-wheel training than any other standard licensing course, you'll also get four attempts at passing your driving assessment.

\*Where a student requires additional retests, the fifth retest and any subsequent retest will be charged at \$250.00 per retest.
