

Setting the standard in driver training...

# VTA DRIVER DELIVERY PROGRAM

Perfect for new drivers looking to embark on a career in the transport industry, the Driver Delivery program builds skill, competency and confidence in a real world setting.

Participants will come away from this practical learning, assessment and licencing program with the right skills and safety perspectives to meet the needs of Australia's transport companies and be offered a position as a driver.

Subsidised by the State Government, this nine day program - created in partnership with Armstrong's Driver Education - trains, mentors and provides 'time behind the wheel' experience to new drivers. Participants will gain advanced skills in:

- OHS
- Cabin drill
- Load restraint
- Loading docks
- Metro & regional driving
- Road craft
- Chain of Responsibility
- Fatigue Management
- & More

For further information on contact the VTA on (03) 9646 8590.
