<tr><td>Definitions or Reference Documents</td><td>Definitions

● National Recognition - Key principle of the Australian Quality Training Framework is national recognition (previously referred to as mutual recognition). This allows individuals to receive national recognition of their qualifications and statements of attainment.

This means that all RTO's will recognise:
● Australian Qualifications Framework qualifications and statements of attainment issued by any other registered training organisation.
● Recognition of Prior Learning - An assessment process that assesses an individual’s non-formal and informal learning to determine the extent to which that individual has achieved the required learning outcomes, competency outcomes, or standards for entry to, and/or partial or total completion of a qualification.</td></tr>
